

THEODORE FRONT MUSICAL LITERATURE
Offers An Important New Complete Works Edition Published
By MUZYKA and P. JURGENSON

ALEXANDER SCRIBIN – Complete Works
In Twelve Volumes
Valentina Rubtsova, General Editor

One of the most influential Russian composers at the turn of the 20th century, Scriabin's oeuvre consists almost exclusively of music for the piano and a few orchestral compositions. A great innovator, Scriabin dreamed of synthesizing different art forms: music, poetry, theater, dance, lighting effects, and more.

The edition is produced following comprehensive study of extant materials, including sketches, first drafts, editions published during the composer's lifetime, and Scriabin's recordings of his performances on mechanical piano. Each volume includes critical commentaries, sources and preface. All texts are in Russian and English.

The clothbound volumes are scheduled to be released at the rate of two per year.
