

# Richard Strauss – Werke – Kritische Ausgabe (RSW)

Published by the Richard Strauss Verlag in collaboration with Boosey & Hawkes,  
Edition Peters Group and Schott Music

This series provides the first scholarly edition of the composer's complete musical oeuvre. All compositions in major genres: the complete stage works, orchestral works, lieder and songs (with piano and orchestral accompaniment) and chamber music, are newly edited. The edition also incorporates different versions and fragments along with documentation of the sources, the genesis of individual works and performance variations authorized by the composer. The edition consists of printed musical volumes with critical reports and is supplemented by an online platform featuring text comparisons and annotations. Introductions and footnotes are in German and English.

The edition is planned in six major series. The volumes will be published over the next 25 years by the Bavarian Academy of Sciences and Humanities in Munich in cooperation with the Richard Strauss Institute in Garmisch-Partenkirchen, and under the direction of Hartmut Schick.

**SERIES I: STAGE WORKS** – 18 volumes in 28

**SERIES II: VOCAL MUSIC FOR ONE VOICE** – 9 volumes

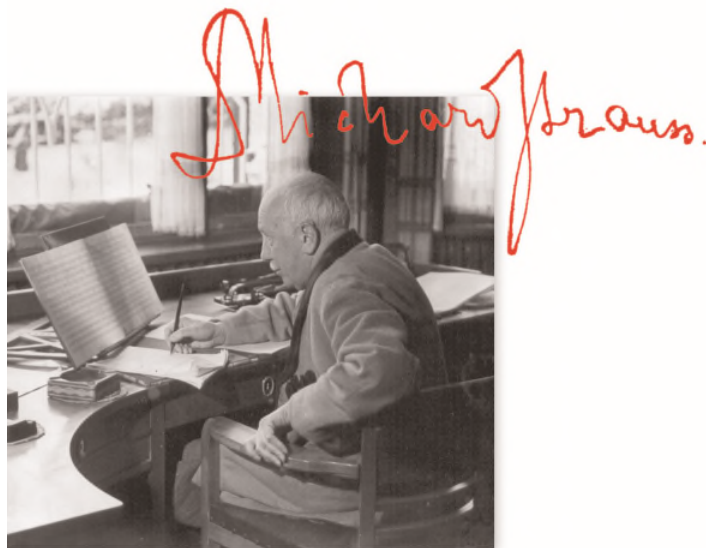

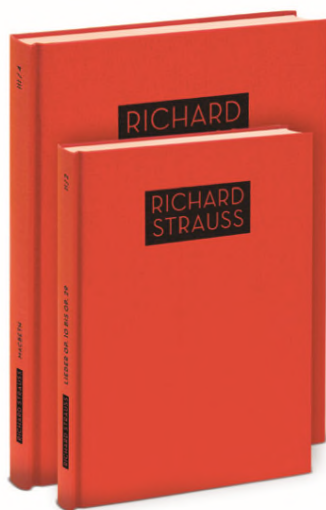

**SERIES III: SYMPHONIES AND TONE POEMS** – 12 volumes

**SERIES IV: SMALL ORCHESTRAL WORKS AND WORKS FOR WINDS** – 5 volumes

**SERIES V: CONCERTOS** – 3 volumes
